

Migrating Dealers to OneLogin

Temporary Redirect Page

Users will now get the page below should they try one of the old logins to User Reporting:

Two links have been provided.

1. A link where a user will be able to create a new "OneLogin", login access
2. A link where a user will be able to go to "OneLogin" to access their services, should they already have a login.

Dealer Registration

Please note that for the registration process to work, the dealer must be created on OneLogin. This means that the dealer has access to ConfigIT and are set up there.

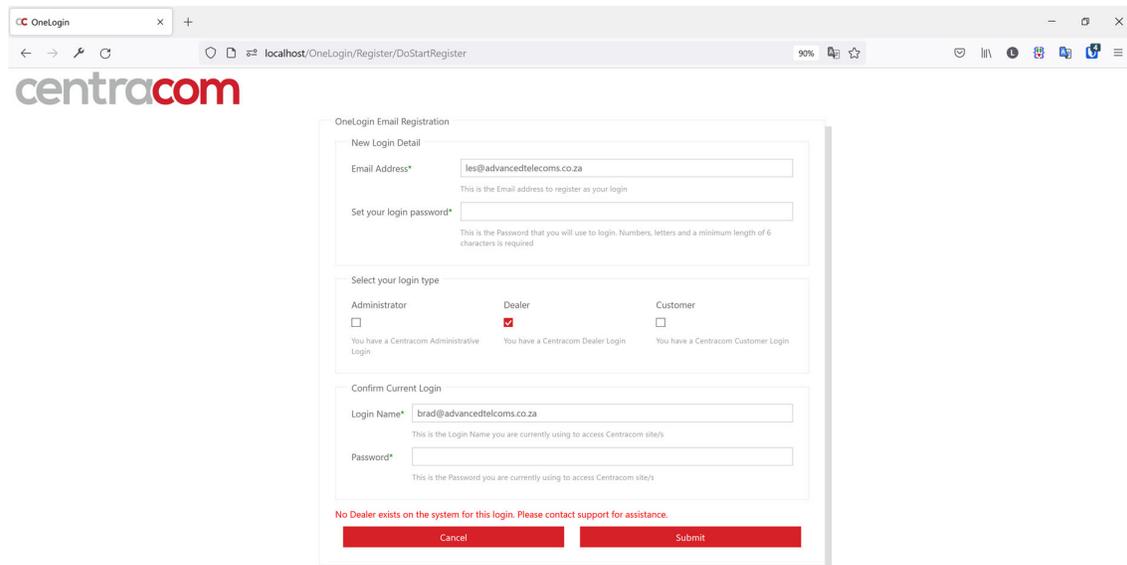

When registering on the form provided you MUST provide your ConfigIT login details in the “New Login Details” section.

In the “Confirm Current Login” section you must provide the details used to access the customer reporting site, previously under calypso.centracom.co.za/Dealer/Login.aspx

Possible Registration Errors and Causes

Error: No Dealer Exists on the system for this login

Cause: The dealer has a valid login to the TMS but has never been created on OneLogin. They have not accessed ConfigIT to create new quotes since its inception.

The screenshot shows a web browser window with the URL `localhost/OneLogin/Register/DoStartRegister`. The page title is "OneLogin" and the logo "centracom" is visible. The form is titled "OneLogin Email Registration" and contains the following sections:

- New Login Detail:**
 - Email Address*: `les@advancedtelecoms.co.za`
 - Set your login password*
- Select your login type:**
 - Administrator: You have a Centracom Administrative Login
 - Dealer: You have a Centracom Dealer Login
 - Customer: You have a Centracom Customer Login
- Confirm Current Login:**
 - Login Name*: `brad@advancedtelecoms.co.za`
 - Password*

At the bottom of the form, a red error message states: "No Dealer exists on the system for this login. Please contact support for assistance." Below the message are two buttons: "Cancel" and "Submit".

Logged in Dealer

A logged in dealer will have the following view:

1. Access to customer reporting
2. Access to Quoting site
3. Access to Quoting Stats site
4. Access to Login management
 - a. For admins they can manage all logins
 - b. For a standard user they can manage their profile
5. Access to change a password

NOTE: The initial Dealer Login created will have full Admin privilege. This login is able to manage user logins and security!

Where access is allowed user can be given access to customer information which will display as "Centracom CRM".

The screenshot shows the Centracom Dealer interface. The top left features the Centracom logo. The top right shows the user profile "Security Les" with a "Dealer - WHAT A DEAL" label and three icons: a person, a lock, and a plus sign. Below the navigation menu, three main sections are visible: "Centracom Dealer Reporting" (1), "ConfigIT" (2), and "ConfigIT Admin" (3). Each section has a brief description and a green numbered icon.

When accessing (4) Account Profile as an Admin, you will be able to manage logins for your company. This includes access to sites and privilege for those sites.

The screenshot shows the "Manage Logins" interface. The top right displays the user profile "Les Brinkworth" with a "Dealer - WHAT A DEAL" label and three icons: a person, a lock, and a plus sign. Below the header, there is a search bar and a "Customize View" button. The main content is a table with the following data:

Add Login	Login	First Name	Last Name	Email	Mobile	Office Tel
Edit Security Deactivate	les@whatadeal.com	Les	Brinkworth	les@time-currency.com	0832262474	0116959022
Edit Security Deactivate	lesuser@whatadeal.com	Les New	Brinkworth	les@time-currency.com	0832262474	0116959000
Edit Security Deactivate	lessec@whatadeal.com	Security	Les	les@time-currency.com	0832262474	0116959001

▼ Create Filter

By Accessing the “Security” option of a user you can control access and access level.

Select Security Options ✕

Customer Reporting Management: 1

Dealer Full Admin Privilege ✕

Customer Management: 2

Customer Edit ✕

[Update Settings](#)

When changing permissions the user should log out and log back in again for the permissions to take effect

1. Customer CDR reporting and invoicing
2. Customer and Account information

When access to Customer Management is granted, an additional tile will be available on OneLogin, to access the CRM.
